

Intuitive Surgical Announces Share Repurchase Program

July 23, 2010

SUNNYVALE, Calif., Jul 23, 2010 (GlobeNewswire via COMTEX) -- Intuitive Surgical, Inc. (Nasdaq:ISRG), the industry leader in surgical robotics, today announced that its board of directors has authorized the company to repurchase up to an additional \$150 million of the Company's outstanding common stock. With this authorization, the total remaining authorized amount of share repurchases by the Company is \$300 million, which includes \$150 million remaining under the previous \$300 million authorized in March 2009.

The timing and total amount of share repurchases will depend upon market conditions and may be made from time to time in open market purchases, privately negotiated transactions, accelerated stock repurchase programs, issuer self-tender offers or otherwise, as determined by the Company's management. The repurchases will be made in compliance with, and at such times as permitted by, federal securities law and may be suspended or discontinued at any time. The Company expects to fund the repurchase program through cash and investments. As of June 30, 2010, the Company had approximately \$1,588.2 million of cash, cash equivalents and investments.

About Intuitive's Products

Intuitive Surgical, Inc. (Nasdaq:ISRG), headquartered in Sunnyvale, California, is the global technology leader in robotic-assisted, minimally invasive surgery. Intuitive Surgical develops, manufactures, and markets robotic technologies designed to improve clinical outcomes and help patients return more quickly to active and productive lives. The Company's mission is to extend the benefits of minimally invasive surgery to the broadest possible base of patients. Intuitive Surgical -- Taking surgery beyond the limits of the human hand(TM).

About the da Vinci(R) Surgical System

The da Vinci(R) System is a breakthrough surgical platform designed to enable complex surgery using a minimally invasive approach. The da Vinci(R) System consists of an ergonomic surgeon console or consoles, a patient-side cart with four interactive robotic arms, a high-performance vision system and proprietary EndoWrist(R) instruments. Powered by state-of-the-art robotic and computer technology, the da Vinci(R) System is designed to scale, filter and seamlessly translate the surgeon's hand movements into more precise movements of the EndoWrist(R) instruments. The net result is an intuitive interface with breakthrough surgical capabilities. By providing surgeons with superior visualization, enhanced dexterity, greater precision and ergonomic comfort, the da Vinci Surgical System makes it possible for more surgeons to perform minimally invasive procedures involving complex dissection or reconstruction. This ultimately has the potential to raise the standard of care for complex surgeries, translating into numerous potential patient benefits, including less pain, a shorter recovery and quicker return to normal daily activities.

Intuitive(R), da Vinci(R), da Vinci S(R), da Vinci(R) Si(TM), InSite(R) and EndoWrist(R) are trademarks or registered trademarks of Intuitive Surgical, Inc.

This press release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are necessarily estimates reflecting the best judgment of our management and involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. These forward-looking statements should, therefore, be considered in light of various important factors, including the following: the impact of global and regional economic conditions and related credit markets and related impact on health care spending; health care reform legislation in the United States and its implications on hospital spending, reimbursement and fees which will be levied on certain medical device companies; timing and success of product development and market acceptance of developed products; regulatory approvals, clearances and restrictions; guidelines and recommendations in the health care and patient communities; intellectual property positions and litigation; competition in the medical device industry and in the specific markets of surgery in which Intuitive Surgical operates; unanticipated manufacturing disruptions; delays in regulatory approvals of new manufacturing facilities or the inability to meet demand for products; the results of the year end audit and the other factors under the heading "Risk Factors" in our report on Form 10-K for the year ended December 31, 2009, as updated from time to time by our quarterly reports on Form 10-Q and our other filings with the Securities and Exchange Commission. Statements concerning forecasts, revenue growth, procedure growth, future financial results, and statements using words such as "estimate", "project", "plan", "intend", "expect", "anticipate", "believe" and similar expressions are intended to identify forward-looking statements. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this press release. We undertake no obligation to publicly update or release any revisions to these forward-looking statements to reflect events or circumstances after the date of this press release or to reflect the occurrence of unanticipated events.
